

(How do we work?)

The affected person is the focus of attention and work. You decide what you feel comfortable to talk about and how you define what happened.

We are on hand to support, help and advise you, in order for you to be able to regain the space of the Weltspiele to your own.

We take on your side and get involved as much as you are comfortable with.

Everything you tell us is kept confidential and respected. There will always be a haven for those in need or if necessary, far away from where our main event is taking place.

(How do we celebrate?)

A harmonic jollification flies and falls with every single person who participates.

Awareness and consent are the requirements to make the event a place where everyone can feel lighthearted and cheerful. With this in mind we do not accept discriminating or molesting behaviour of any kind.

Accordingly to this idea the awareness team is giving advice, support and assistance to you throughout the event.

We are at any time approachable and sober.

ENGLISH

(Who are we?)

We are the awareness team of Weltspiele. We provide assistance for people in situations of conflict, breaching of limits and personal crisis situations.

We are in a constant learning process within the situations and open for any kind of problem. We reject our position within the society and take on criticism very seriously.

(When do we get involved?)

We assist you at any time possible! Whenever you have a question or you feel encroached, molested or you observe the transgression of limits by somebody else.

If you need a person of contact or you do not want to be alone in a personally demanding situation.

We are with you together at the event and watch out for any kind of discriminating behaviour or the transgression of personal limits.

We do not judge your behaviour or needs as long as they do not violate anybody's personal space.

(Where to find us?)

We have an information desk in front of the toilets of the large hall (WELTSPIELE).

Additionally, you can reach us by talking to a member of the bar, entrance or cloakroom.

All members of the awareness team speak German, English and in parts other languages too.
